About Me:

I am an Innovative Web Application Developer known for high productivity and efficient task completion. Skilled in PHP - Laravel framework, MySQL, JavaScript, HTML5 & CSS3 with robust problem-solving abilities. I also learning React & Node.js to become a full stack web developer.

Work Experience:

Web Developer - Freelancer - 2018-till now

- I have developed an education management system named Edu Care, which is currently being used by some educational institutes such as secondary school, higher secondary school, technical institute, and coaching centers. Here is the link: <https://educare.theshahit.com/> (user email: schooladmin@educare.com, password: 123456). I use PHP's Laravel framework and MySQL DBMS to build this product
- I have developed two different web systems for technicians, tour guides, general users, and admin users for a popular site of Bangladesh called haterkache.net. My developed sites are <https://haterkache.net/technician> & <https://haterkache.net/tourguide>.
- I also developed three web systems for a renowned company called ROSA. The sites are: <https://growupagro.tech/>, <https://agroventure.xyz/>, and <https://rosango.org/>
- I also developed <https://knsikhagrachari.gov.bd>, <https://moanoghar.org>, <http://chttoday.com/> & many more sites by using Laravel & MySql RDBMS.
